

Mark's Toast

*They give us life
and warmth and comfort and support*

*They encourage us to grow
into who we should be,
not just who we are*

*Along the way,
they help us enjoy the beauty of the world—
and they enrich the taste
of all our food and drink*

*Through their love,
each touches our spirit
uniquely and forever*

*My mothers, My sisters,
and especially Rebecca, my wife*

*A toast to all the special women
that grace our life*
